RE: Haywood County White Oak MSW Landfill
Response to Determination of Completeness Letter
Permit No.: 44-07

Dear Mr. Gaither:

In your June 29, 2012 letter, you mentioned that the following documents were missing from the Haywood County White Oak MSW Landfill permit amendment application:

1. Construction Quality Assurance Plan
2. Closure and Post-closure Plan
3. Water Quality Monitoring Plan

Revisions to these documents were not necessary as part of the permit amendment submitted in April of 2012. These documents were previously submitted as follows:

1. The Construction Quality Assurance Plan was submitted in September 2008 as Section 5 of the Permit to Construct MSW Phase 3 & 4, Document Identification No. 5806.
2. The Closure and Post Closure Plan was submitted in September 2008 as Section 7 of the Permit to Construct MSW Phase 3 & 4, Document Identification No. 5806.
3. The Water Quality Monitoring Plan was submitted in November 2010 as a "stand alone" document completed by Bunnell - Lammons Engineering, Inc. (BLE), Document Identification No. 12298.

A copy of these documents can be found on file with the North Carolina Department of Environment and Natural Resources Office.

If you have any questions or require addition information, please feel free to call at (423) 303-7101.

Sincerely,

A handwritten signature in black ink, appearing to read "RVail", is written over a horizontal line.

Ron Vail, P.E.
Engineering Department Manager
